
Angel's Eye

Relentless guardian, silent power
Always watching, hour by hour
Swift and nimble, small in size
Take no prisoners, hear their cries

Foresee the danger, with no name
Always keep you, 'head o' the game

Digital vermin, plague our lives
Our virus lab team, intensifies

Reaching out to you, like a ring of teal
Nothing for you to do, transparent shield
NOD32, always by your side
Proactive killer.....with an angel's eye
